# SHRiNX SYSTEM

获得易极装置专利权  
*The blueprint for easy upholstery*

# SHRiNX SYSTEM

完美简易式自行装置框架。

**The perfect self supporting textile solution for upholstering rigid frames.**

- 易于装置甚至圆角部位

*Easy to upholster even round corners.*

- 无需伸展甚至可装置在硬框架上。

*Upholster without stretching even on rigid frames.*

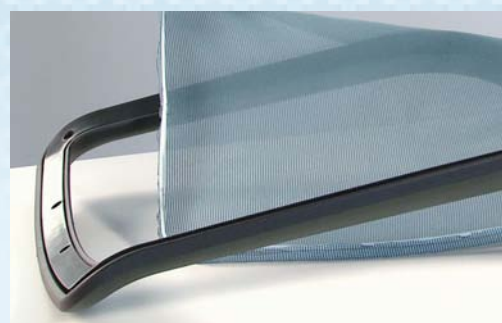

- 无需工具或力压。

*No tools or hydraulics required.*

- 均衡的伸展在整个织物

*Equalised tension across the fabric.*

## 网/网眼织物 *Net/Mesh fabric*

这个例子中，传统方式，垫片缝单层织物。  
*In this example, a gasket is sewn in a conventional way to the single layer fabric.*

无需张力，织物与垫片安装容易。  
*The fabric with gasket is mounted easily without power.*

织物与垫片容易附着到框架。  
*The fabric with gasket easily attached to the frame.*

织物加热后收缩，明确地使形状拉紧。  
*The fabric shrinks with heat to the defined shape and tension.*

完整的框架，固定的拉紧，完美适合织物。  
*Completed frame, constant tension, fabric fits perfectly.*

## 装垫 *Upholstery cover*

这把椅子作为一个例子，风格就像袜子的样式装盖。  
*For upholstering with a sock style cover, this chair model was selected as an example.*

无需张力，织物袋容易覆盖在框架上。  
*The fabric sack, untensioned, slides easily over the rigid frame.*

织物袋覆盖于框架上，然后固定。  
*The frame is upholstered with the fabric sack, then fixed.*

加热后收缩，使形状拉紧。  
*The upholstery cover shrinks with heat to shape and tension.*

完整的椅子，固定的拉紧，完美装饰。  
*Completed chair, constant tension, perfect fitting.*
